

97% Dry Vapor to Clean-De-grease-Sanitize-Disinfect and Deodorize

Industrial 400

Specifications:

Temperature: max. 380° F/193° C
 Pressure: max. 180 PSI/10.6 bar
 Boiler: 1.5 gallon Stainless Steel Boiler and
 2 gallon Stainless Steel Reserve Tank
 Electrical: 120 VAC @ 18 amps, 240 VAC @ 9 amps
 Cabinet: 16" W x 16" D x 16" H
 Weight: 80 lbs (with handle)

Safety Features:

Low water alarm signals low water level w/ audible alarm
 Temp. Control with high cut-off
 High pressure limit switch
 High pressure relief valve

Additional Features:

In-Line pump filter
 Stainless steel hose

***If you want to CLEAN IT...
 STEAM IT!!***

The only AMERICAN MADE vapor steam cleaner. The Therma-Kleen THERMA-STEEM INDUSTRIAL MODEL 400 is easy to use. Just pour water into the stainless steel reserve tank, plug into an electrical outlet and within minutes the cleaner will be ready to deliver the most powerful cleaning pressures and temperatures in the industry today of 180 PSI/ 10.6 bar (pressure) and at 380°F/193°C (temperature).

The Therma-Kleen THERMA-STEEM INDUSTRIAL MODEL 400 is ideal for sanitizing and de-greasing areas where water should not or cannot be used; i.e. in kitchen ovens, on floors, tile and refrigerators; also for dining, carpeted and seating areas; for auto detail shops to clean seats, carpets and dashboards; for nursing homes and hospitals to sanitize mattresses (killing dust mites) wheel chairs, etc.

Our new Industrial Model is designed to clean, de-grease and sanitize large areas, more quickly and more efficiently, than any other machine in its category while producing longer and more sustained steam temperatures and pressure.

Constructed with an all-stainless steel heavy-duty body, 1.5 gallon boiler, 2 gallon reserve tank and a 1750 watt or 2500 watt heating element. ***Lifetime Warranty on the boiler*** The Therma-Kleen THERMA-STEEM Industrial 400 vapor steam unit is portable; it comes complete with heavy duty 10" rubber wheels and a removable handle with stair climber attachment, which makes for even better maneuverability.
